

SwapMeetWorks

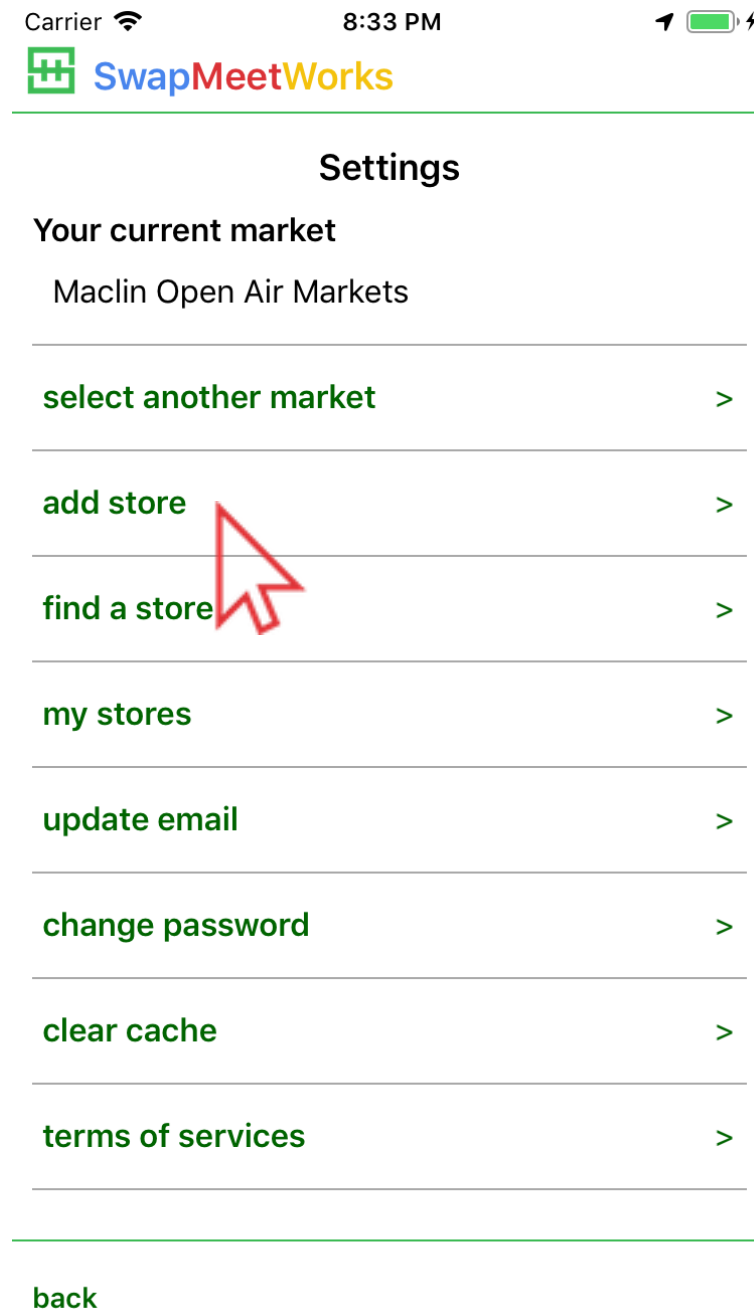

Connecting local swap meet buyers and sellers

Add a Store in SwapMeetWorks App

1. Open the **SwapMeetWorks** app from your **iPhone** or **Android** phone, then press on the **Settings** icon.

2. The **Settings** page displays the current market you are in. Press on the “**add store**” menu item. If it is not available, you will have to sign in or you already have a store added for the current market.

3. The **Add Store** page will be displayed. Type your store information and press on the “**add store**” button.
